

## How to Add items to your Registry for Good

**Step 1:** Search for the product you're interested in adding to your registry by using the search bar located at the top of your navigation.

**Step 2:** Click on the item you're interested in adding to your registry per the screenshot below.

**Step 3:** Once you're on the product page, scroll down to the Add to Registry link as pictured below and select Registry for Good.
